Dear Kevin,

Thank you for giving Jonathan and Jimmy a 'home away from home' this year! We truly appreciate your generous in-kind donation of complimentary carpet cleaning for two of our apartments. Your generosity comes at just the right time to make a positive impact on the more than 1,000 families who need a warm place to stay and a hot meal to eat while their loved one is hospitalized or getting treatment at a Tulsa area hospital. Many people ask us why someone from out of state would travel to Tulsa in a medical crisis.

*Jonathan was traveling from Tucson, Arizona to visit his older brother, Jimmy, in Tulsa, when he was held at gun point, robbed, and his car stolen. While Jonathan was hospitalized in Oklahoma City, his brother was admitted to a local Tulsa hospital for severe Staph infection and was given a prognosis of just 24-hours to live. Jonathan made it to Tulsa by bus with nothing but the clothes on his back- no phone, computer, car, identification, or money, to be with Jimmy. A few weeks later, Jimmy was released for outpatient treatment only and was*

*(Left to Right: Jimmy and Jonathan Riviera) able to also stay at Hospitality House of Tulsa. Jonathan said thank you for not just being named Hospitality House of Tulsa, but for providing "real hospitality." Going through the carjacking, family medical crisis, and having Hospitality House's help has, "helped me know that God is in control," Jonathan says.*

On behalf of the families of The Hospitality House of Tulsa, like Jimmy and Jonathan, THANK YOU for your support!
